

Guide to Selecting YOUR 1st Book: The Novel

1. Go to the online site “Goodreads” and their “Popular Favorites Books” page:

<https://www.goodreads.com/shelf/show/Favorites>

2. Skim through the list of books and write down the titles of FOUR potential books you might read.
(Be sure to pick a work of fiction and a book you have not read. The novel should be a minimum of 200 pages.)
3. Check to see if the SAC Library has this book. Write down the “Call #” where the book is located. (Example Call #: [PS3603.O45568 H86 2008](#))
4. Then go hunting for it on the shelves and check it out! You will need your SAC Student ID to check out a book.

If you don't have your SAC ID yet, you can have the circulation desk hold the novel while you go and get your ID made at the Fletcher Administration Center (FAC - 200A)—they make IDs fast!

You should inform me about your selected novel by the end of class.
